Who we are

The Representation Office of the United Nations High Commissioner for Human Rights to the European Union (ROEU) focuses on placing human rights at the core of the EU's internal and external action.

Our work in Brussels is centered on safeguarding civic space, supporting the anti-racism agenda and addressing inequalities, advocating for human rights-based migration governance, and integrating human rights in business conduct, the digital sphere and in the environment. We raise awareness with partners about the work of the Office which has 80+ presences around the world, the independent mandate of the High Commissioner, United Nations human rights mechanisms and their recommendations, and contribute to the strengthening of the United Nations human rights pillar.
